

The Practitioner Volume 43

By Anonymous

Rarebooksclub.com, United States, 2013. Paperback. Book Condition: New. 246 x 189 mm. Language: English . Brand New Book ***** Print on Demand *****.This historic book may have numerous typos and missing text. Purchasers can usually download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. 1889 edition. Excerpt: . system shares to the fullest extent. Heidenhain in his article on the histology and physiology of the duodenal mucous membrane (Pflüger's Archiv, vol. xliii., 1888), has shown how large a part in the office of absorption is played by the blood-vessels, and from the observations I have been able to make on the influence of massage on the temperature, blood supply, and rate of absorption from the intestines, both in healthy and sick persons, I am persuaded that carefully regulated manipulation of the abdomen, modified in force, frequency, and duration to meet the requirements of each individual case, is one of the most effectual means of treatment, frequently the only efficacious therapy, in many cases of enfeebled assimilation. I have had opportunities of proving its value in cases of sprue, chronic dysentery, tropical diarrhoea, muscular atony of the stomach and...
